POSTKARTE.

THE GARE ST. LAZARE is one of the principal railway stations of Paris from which run the expresses of the "Chemin de fer de l'Ouest" for Dieppe, Havre and other ports for England and the Transatlantic steamers. It stands in a prominent position in the Rue St Lazare near to the Boulevards, and is a large and handsome building which was reconstructed in 1886-89 on plans by Lisch.
